

Deep Dive Dec 10/22 - England and Egypt

England and Egypt - Thanks to Stan and the AfterChat!!

Why England? It was Wyrd! (the Conference by UU)

My birthday was coming and I had enough money to go... and...

Wyrd things have happened to me... a prophecy at 9 came true 40 years later, [Jake, my Prophesied-Dog](#);

Geas (vow) @ 15yo - "I will Speak for You, when the time is right" (story in Ascension: <https://amzn.to/3G2dqap>)

[Story of the Stones](#), a promise of Peace from Mother Earth (told at the Fire Ceremony of Making Wyrd the Norm)

Why Egypt?

Already going to England for Wyrd; closer to Egypt than I ever imagined I'd be

Call from Lady Fatima, Mother Mary:

"When 1000 women gather in my name, I will be there";

heard and [shared by Ton van der Kroon & Anne Weitz](#), of the Netherlands

I needed to honour my vow: to share the Promise most effectively the Stones of Peace must go up the Mountain down which came the 10 Commandments

This turned out to be the validation Erik had asked for for what he'd done on the Tor today. I opened the iPad to find his Galactic Signature at 1:00 (MOM!) Then I read this to him. The last 2 words were not required.

And on we went to Bristol to visit with [Janet Swan \(Astrologer\)](#) (not HER link; a story about her) in her beautiful home. We had a bagged lunch in a park overlooking a suspension bridge and the very deep chasm it spans.

Erik dropped me at my hotel in Oxford (to return the day after next with Helen). The next day was when I first met Ian Lewis. He had offered to show me the sights in Oxford...

Ian Lewis (5 slideshows!) we went by double-decker bus to

Oxford [Saxon Church, Bodleian Library, Singing, Pub];

I enjoyed another day with Erik and Helen, going to Ely to have lunch with [Chris Sells](#) ([Channels Sananda](#)). The following testimonial appears on his website, written by Erik.

"...the most powerful and accessible material I have ever worked with. The magical combination of the depth and beauty of Sananda's wisdom; the articulate and compassionate delivery from Chris; the "after-sales service" available by booking an individual session with Sananda at any point, add up to a wonderful journey of discovery for anybody from a first day meditation student to people with lifetimes in cosmic service, there's something for everybody. The material gives more every time it is replayed, and all at a price I can afford on my pension! Many thanks to Chris and Sananda for this superb body of work!"

and we visited the magnificent [Ely Cathedral](#), a place of Christian worship since 673. Then they took me back to the Jury's Inn in Oxford.... Where **I met the Red Dragon for the first time!** [video: [My White Knight Rides a Red Dragon](#)]

Global Retreat Centre of the Brahma Kumaris, where [Sister Jayanti](#) can often be found & has the gardens where Alice in Wonderland was written;

Stonehenge - from a distance;

Avebury - close enough to lean against; sunset and sheep - dyed ewes and rams in bondage released into the pasture right before the dark of the Moon!

The Black Country/Potteries/around the hillside; (which inspired My White Knight)

The Moors & Todmorden;

And then there was the WYRD: [Making Wyrd the Norm](#) at [Broughton Hall](#) - 5 days in a castle owned by Roger & Paris (13th generation owners) on 3000 ha.

We gathered for tea in the Green Drawing Room that first day, Halloween...

The Wyrd world embraced us as we stepped through the stacked-stone Moon Gate...

Opening Fire Ceremony

- labyrinth in the darkness
- storytelling about the Stones of Peace and Mount Sinai

Each day we gathered in [Avalon](#) for meditation and presentations. After lunching on luscious vegetarian food, we returned for more, as well as “Parallel Sessions” put on by participants sharing their specialities. Before dinner we gathered in small groups to share and compare our experiences. Some of us enjoyed the heavenly pool. The (linked) [program](#) listed the people & subjects... Ava has already been on Humanity Rising; he was one of my favourite presenters! Coming back next year is so tempting!

In between elements of the program and after our delicious dinner, we enjoyed opportunities to explore the breath-takingly restored rooms. I sat for a picture in the chair that Diana Rigg used when filming.

I went looking for water the second day and met Tim, a perfect butler in love with the building in his care. He showed me the kitchens and the wine cellar, and the well at the bottom of the house. Paris, the lady of the house, takes people down there for healings, and Ganesh guards the approach! The slideshow has lots more pictures, and I look forward to creating the films.

Closing Fire Ceremony – the sun came out again to say goodbye. Actually, the weather was quite nice during most of the days. There was a lot of water on the ground, though, which made the labyrinth difficult to walk without waders!

In the last moments we were there, I was filmed telling stories by **John Oliver**. Ian gave me the time slot that was set for him; I'm deeply grateful. John's artistic talents are beautifully evident in his creation: <https://www.interiortruth.com/shannon-mcarthur>.

Ian Lewis and I mounted the Dragon and made our way towards London...

Tunnel Road/Trees; (that inspired the video [My White Knight Rides a Red Dragon](#))

Sandwiches in the Tring Pub... and I'm off on the train!

Diane Skidmore, for the 2nd time!

Mount Sinai - [This story was told on Humanity Rising Day 589](#); arriving in Sharm El Sheikh to Dahab, Hotel & Manager: beautiful Bedouin coat, shopping & dinner, philosophy on the beach

On the way up: Mahmoud, camel ride

At the top: altar, Moon set/Sunrise, Amazing Grace

On the way down: Ton & Anne, Annette & companion

On my way home again...

Sharm el Sheikh Airport - Aansan & Xinxin

Food poisoning makes it easy (!!?) - careful what you ask for!!

Goodbye to Diane (the crappy chapter)

Home to Mom's place... and finally,

Home to my bed, Humanity Rising & the AfterChat
